

ČO JE ENLIGHT RISE A ČO VÁM PONÚKA?

ENLIGHT - European university **N**etwork to promote equitable quality of **L**ife, **s**ustainability and **G**lobal engagement through **H**igher education **T**ransformation

Projekt ENLIGHT RISE (Research and Innovation agenda with and for society) sa snaží posilniť výskumný a inovačný rozmer našej siete. V synergii so vzdelávacími zložkami ENLIGHT a okolitými ekosystémami zavedie komplexnú spoločnú transformačnú agendu pre naše univerzity.

Cieľom je stať sa spoločne konkurencieschopnejšími a inovatívnejšími, využívať a spájať naše silné stránky a využívať náš inovačný potenciál, ako aj partnerstvá v našich okolitých ekosystémoch na podporu ekologickejšej, zdravšej, spravodlivejšej a udržateľnejšej Európy. Projekt má ambíciu prispieť k udržateľnosti miest, komún a ich okolia.

Na dosiahnutie týchto predsavzatí budeme v rámci aliancie ENLIGHT RISE plniť nasledovné ciele:

- Vytvorenie dlhodobého business modelu pre spoločné výskumno-inovatívne aktivity
- Identifikácia silných synergii s veľkým inovačným potenciálom
- Umožnenie zdieľania a zlepšenie digitálnej výskumnej infraštruktúry a taktiež optimalizácia spoločenského dopadu týchto digitálnych inovácií
- Aktívna obojstranná spolupráca s občianskou spoločnosťou a súkromným sektorom
- Stimulácia a zviditeľnenie iniciatívy OpenScience a zapojenia verejnosti do výskumu
- Podpora mladých výskumníčov a výskumníkov
- Vytvorenie metód na posilnenie výskumu a inovácii s reálnym dopadom na mimo-akademickú oblasť

VÝZVY A OCENENIA

ENLIGHT IMPACT AWARD

Is your research exemplar in planning for and achieving impact?

On 1 December, the ENLIGHT University alliance has launched the call for Impact Awards to recognise and give visibility to research endeavours at ENLIGHT universities that are exemplars in planning for and achieving impact. Applications are invited from research teams at ENLIGHT Universities.

CALL IS OPEN! 1.12. 2022 – 15.2. 2023

UNIVERSITY OF BORDEAUX – CALL FOR ENLIGHT EDUCATION AND RESEARCH INITIATIVES - in order to **support joint activities in the area of research, innovation and education** within the alliance, the University of Bordeaux aims at funding collaborative projects to **encourage the emergence or consolidation** of cooperation between partners.

CALL 2 OPENES ON January 3rd to March 3rd 2023

GHENT UNIVERISTY – CALL FOR ENLIGHT INITIATIVES - support joint cooperation activities in education and research between Ghent University and two or more of the eight other ENLIGHT universities.

The call is open on a permanent basis until the end of the ENLIGHT project phase: November 2023 for ENLIGHT Erasmus+ (Education) and August 2024 for ENLIGHT RISE (Research). Evaluations of proposals will be done 4 times a year: 15 March, 15 June, 15 September and 15 December.

NÁSTROJE NA PODPORU NOVÝCH TRENDOV VO VÝSKUME

REPOSITORY OF GOOD PRACTICES ON RESEARCH IMPACT - aims at bringing together in a single place good practices of impact assessment and measurement, both in the context of ENLIGHT Universities and worldwide. More specifically, the tool aims to **raise research impact awareness and literacy**, whilst fostering mutual learning and debate between ENLIGHT University academics, staff and external experts around research impact.

ENLIGHT RISE NETWORK of OPEN SCIENCE AMBASSADORS - Promoting innovative Open Science Workflows

- Act as multipliers across disciplinary networks at regional, national and thematic level: increase conversations around Open Science, cultivate awareness, foster openness, encourage Open Science engagement within the ENLIGHT community
- Grow awareness of Open Science in their specific domain, exchange Open Science experiences and connect with ENLIGHT RISE Open Science Network
- Share perspectives, join conversations, discuss and communicate domain specific requirements into the ENLIGHT RISE Open Science Network
- Promote ENLIGHT RISE Open Science practices at meetings and conferences

V MINULOSTI USKUTOČNENÉ PODUJATIA

WORKSHOP ON GREEN AI - Exploring the concept of green AI and how it relates to digital research infrastructures.

WORKSHOP THE EVALUATION OF RESEARCH AND RESEARCHERS - 75 policy makers, members of the research and HR support staff and researchers involved in the design and implementation of evaluations gathered to exchange information on how research and researchers are currently evaluated in their institutions and to explore how the current debate impacts these evaluation systems.

WORKSHOP ON DIGITAL RESEARCH - ENLIGHT RISE arranged a workshop on Digital Research Infrastructures with focus on the European Open Science Cloud (EOSC). Speakers from GÉANT as well as University of Gent, University of Göttingen and Uppsala University elaborated on engagement opportunities with the EOSC from perspectives such as life sciences, OpenAIRE, national research infrastructures and SSH. Sixty-four participants from across Europe followed the workshop online.
