

Dear students,

Early termination of the mobility due to spread of COVID-19 is considered as a force majeure case.

Grant calculation:

- Student will get at least the part of the grant that corresponds to **the real length of the mobility**, if he / she doesn't agree otherwise with the university (according to the agreement about the financial support signed by both the student and the sending university),
- If the student has documentation about **pre-paid accommodation**, he / she has a right for **reimbursement**,
- Student who returned earlier from the mobility has a right for reimbursement of **the actual travel expenses** based on attached travel documentation
- **Expenses for a possible quarantine accommodation in one of the facilities of the Ministry of Interior of the Slovak Republic will be considered as inevitable expenses needed for repatriation, documentation (invoice) about payment for this stay is needed,**

Study obligations:

- **Verifiably absolved online study and ECTS credits that are in correlation with the agreement about studying should be, according to the European Committee, accepted by the domestic university, even though the student studied online in Slovakia.**
- Comenius University will **not apply any sanctions for a lower amount of credits received in the summer term 2019/2020**, i.e. absence of credits from the foreign university will not be a reason for cutting the grant. Attention, this measure is valid only for the summer term. If a student was at a mobility for 2 semesters, each semester will be considered individually.
- The issue of studying online at a foreign university from Slovakia was not addressed by the Committee yet. We will inform you as soon as we get an answer.

Internships:

- **Graduate internships:** The EC allows prolongation of the maximum time limit during which a student can attend a graduate internship **from 12 to 18 months.**

Every mobility will be judged individually, be careful while documenting your situation.

Should you have any questions concerning the grant, please contact the employees of the Department of European Projects and Erasmus+. The contact information can be found at the following link.
