

Outline of the description of the habilitation and inauguration proceedings

1. Definition of the subject of habilitation proceedings and inaugural proceedings

Name of the university: Comenius University Bratislava

University seat: Šafárikovo námestie 6, 814 99 Bratislava

University identification number: 00397865

Faculty name: Faculty of Pharmacy

Faculty seat: Ulica Odbojárov 10, 832 32 Bratislava

Name of the habilitation and inauguration proceedings: Pharmaceutical Chemistry

Valid decision to grant the rights: Decision number: 2017-11108/32835:12-15A0

Text of the decision: Granting without any time limitations.

Contents definition: Pharmaceutical chemistry is one of the basic pharmaceutical disciplines. It deals with research, development and methods of obtaining new drugs. It studies methods of acquisition, preparation and evaluation of drugs, physicochemical and chemical properties of biologically active compounds, examines the relationship between the chemical structure of substances and their effects on the body, develops analytical methods of drug quality control and changes in properties occurring during storage, studies of drug biodegradation and by their action in the biological system, examines the levels of drugs, their metabolites and biomarkers in relation to the state of the organism (disease) for diagnostic and therapeutic purposes. It also deals with drug – drug-formulation and drug-carrier - receptor relationships (molecular action) to develop innovative dosage forms with targeted distribution in the body (structure-selectivity relationship).

Pharmaceutical chemistry is a multidisciplinary field of science applying knowledge from drug design, which, in addition to laboratory instrumental techniques, uses molecular modeling, computational chemistry and quantitative structure-activity relationships.

Degree awarded: associate professor (docent, doc.); professor (prof.)

Assignment to the field of study(s): Pharmacy

Within the study field of Pharmacy, the faculty has accredited the following study programs of the 3rd degree:

Pharmacology

Pharmaceutical Chemistry

Pharmacognosy

Clinical Pharmacy

2. Staffing of the habilitation and inauguration proceedings

persons responsible for the H&IP:

prof. RNDr. Peter Mikuš, PhD.

prof. Ing. Vladimír Frecer, DrSc.

doc. PharmDr. Ivan Malík, PhD.

Link to the composition of the Scientific Board:
