

## *Outline of the description of the habilitation and inauguration proceedings*

### *1. Definition of the subject of habilitation proceedings and inaugural proceedings*

**Name of the university:** Comenius University Bratislava

**University seat:** Šafárikovo námestie 6, 814 99 Bratislava

**University identification number:** 00397865

**Faculty name:** Jessenius Faculty of Medicine

**Faculty seat:** Malá Hora 10701/4A, 03601 Martin, Slovak Republic

**Name of the habilitation and inauguration proceedings:** Pathology and forensic medicine

**Valid decision to grant the rights:** Decision number: 2018/10524:19-15A0,

Text of the decision: Granting without any time limitations.

**Contents definition:** Pathological anatomy deals with the etiology, pathogenesis, manifestations of pathological events and diseases and the prediction of their prognosis. It focuses on the description of the morphological nature of disease processes at various levels, especially cellular, subcellular and gene, including the impact of disease processes on changes in the structure and function of the human body. The discipline significantly helps to improve the diagnostical procedures in monitoring the dynamics of progression of the disease in humans. Forensic medicine deals with the interpretation of the effects of mechanical, physical, chemical and biological violence to the human body. The subject of forensic medicine is also the diagnosis of the causes and circumstances of sudden and unexpected deaths. The forensic medicine, in close co-operation with law enforcement authorities, plays an important role in the analysis of causes and the prevention and suppression of crimes and other negative social phenomena.
